

United States Bankruptcy Court
Middle District of Georgia

CM/ECF NOTICE

The United States Bankruptcy Court, Middle District of Georgia is pleased to announce that conversion to Case Management/Electronic Case Filing (CM/ECF) will occur during the last quarter of calendar year 2005. The exact date has not yet been determined but will be published as soon as possible.

CM/ECF is a case management and electronic filing system which allows attorneys and the public to file and view petitions, motions and other pleadings using the Internet. This application was developed by the Administrative Office of the United States Courts and has already been implemented by many bankruptcy courts.

Many of you have been regular users of this court's locally developed ECF Phase I application which allows you to submit electronic copies of the paper documents you filed with the court. CM/ECF is the logical next step which allows you to actually file documents electronically thereby eliminating the need to file paper documents.

The court will be conducting a number of meetings which will include a demonstration, an opportunity for you to ask questions and an opportunity to register for CM/ECF training classes. Attending one of these meetings is not required for CM/ECF training class registration, but we do encourage you or your representative to attend. If you plan to attend one of these meetings, please let us know by sending an email message to jerry_glass@gamb.uscourts.gov. Include in your message the names of the attendees, your firm, telephone number and the meeting location you plan to attend. You may also let us know if you plan to attend by calling 478-752-3506, extension 3323. Meeting dates, times and locations are listed below. As we approach these dates, please check our website at www.gamb.uscourts.gov for any schedule changes.

Date	Location	Time
